REV UP YOUR MEETINGS WITH OUR HIGH-POWERED F&B TRENDS PRESENTATIONS

Considered the world's leading creative restaurant consultants, [Baum+Whiteman](#) works at the intersection of food, retailing and public spaces ... wherever people gather to shop, dine or be entertained.

Sought-after speakers at F&B seminars and conventions, we illuminate trends and consumer shifts that disrupt our industry ... and we explore the meanings behind those trends.

We are experts on demonstrating how food "moves" people ... both psychologically and physically ... and how the "social zeitgeist" gets reflected in f&b trends.

WHY US?

Baum+Whiteman created three of the world's first food courts, two of the world's largest-grossing restaurants (Windows on the World and the Rainbow Room), some of the hottest bars on the planet ... and today works around the globe. We've been at the forefront of the consulting world for four decades.
